and Members, Board of County Commissioners

**From:** Carlos A. Gimenez

Agenda Item No. 8(F)(10)

**Subject:** Recommendation for Approval to Access the University of Florida Contract for Laboratory Supplies

## Recommendation

It is recommended that the Board of County Commissioners (Board) approve accessing the University of Florida's competitively established contract, ITN15NH-105, for the purchase of research laboratory supplies and equipment for various Miami-Dade County departments. County departments will rely on this contract to purchase a wide range of laboratory supplies, equipment and parts to meet operational needs and ensure compliance with applicable regulatory standards and requirements.

The laboratory supplies available under this contract include, but are not limited to, life science and chemical products, consumable supplies, small equipment and instruments. The Laboratory Section of the Water and Sewer Department will use this contract to test the water supply system to meet federal, state, and local requirements for water and wastewater treatment. The Forensic Services Bureau and Crime Laboratory of the Police Department will use this contract to purchase laboratory supplies and equipment required for investigatory processes. The Regulatory and Environmental Resources Management Division of the Regulatory and Economic Resources Department will use this contract to support its laboratory operations, particularly for testing conducted by field inspectors. The volume discounts available under this contract will provide the County with the lowest market prices for the needed laboratory supplies and equipment.

## Scope

The impact of this item is countywide in nature.

## Fiscal Impact/Funding Source

The fiscal impact for the initial 54-month term is \$5,935,000. The previous contract, ITN07TO-135, was for 24 months and valued at \$2,194,000. The annualized allocation in the proposed contract is slightly higher than the previous contract due to the departments' historical usage and projected future needs. The contract includes options to renew for two (2) additional one-year terms. If University of Florida opts to exercise the optional contract terms and the County accesses those terms, the cumulative value of the contract will be \$8,350,000.
